

M249 Squad Automatic Weapon (SAW) Improved Bipod

M249 Squad Automatic Weapon (SAW) Improved Bipod

Mission

Enhance bipods for the M249 SAW to improve durability.

Description and Specifications

The **M249 Squad Automatic Weapon (SAW) Improved Bipod** leverages the design of the existing bipod and incorporates several features that improve the performance of the M249 weapon. The configuration of the bipod has changed, providing a rugged design that is more durable than the previous version. The result is increased reliability and weapon accuracy. Additionally, the length of the bipod legs can be adjusted to different heights, providing improved stability on uneven terrain.
